- GIS Data Processing

## Work Experience

GIS Staff – CV. Global Geo Maps, Blitar City (Mar 2020 – May 2020)

- Actively collaborated in the Complete Systematic Land Registration (PTSL) program in Blitar Regency.
- Developed detailed work maps and integrated residents' administrative data.
- Conducted plotting and determination of land boundary points using GNSS RTK Geodetic GPS.

Independent Consultant – Land Office of Tanjungpinang City (Jan 2022 – Dec 2022)

- Analyzed potential Agrarian Reform Object Land (TORA) including forest areas, ex-HGU/HGB lands, and abandoned lands.
- Identified land resources to ensure regulatory compliance.
- Coordinated with stakeholders and local communities to facilitate agrarian reform processes.

Outsourced Staff – Land Office of Natuna Regency (Jan 2023 – Dec 2024)

- Managed National Strategic Projects related to free land certification and land redistribution.
- Completed land certifications ahead of the targeted timeline.
- Produced Land Value Zone (ZNT) maps with high transparency and accuracy.

## Education

Diploma in Science – Universitas Negeri Malang, Malang City (2019)

GPA 3.53, with honors (Cum Laude).
